

## PE and Sport Premium at Breachwood Green JMI

2018 -2019

### Purpose of the funding

The government is providing funding for the academic year 2018/19 to improve the quality of the PE and sport activities in schools. The funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport.

Primary school headteachers are able to decide how this should be spent to improve the quality of sport and PE for all their children. Funding has been set at a lump sum and per pupil formula. At our school this equates to £16, 960 for 2018 - 2019. The money can only be spent on sport and PE provision in schools.

### How the funding has been spent for 2017 – 2018

At Breachwood Green JMI School, the funding we have received has been used to maintain and further develop the existing strong practice.

This has been through:

- Appointment of a Sports Apprentice, who has supported and led PE lessons and opportunities across the curriculum;
- Membership of local sporting partnerships, to include additional coaching and festivals for children, and advice on adapting the curriculum for children with additional needs;
- Additional resources and equipment;
- Purchased new PE scheme of work;
- Provided enrichment workshops;
- Attending courses to increase subject knowledge.

### The impact of this has been:

- 83% of pupils attended at least one extra-curricular sporting club over the course of the year;
- 14% of KS1 pupils and 91% of KS2 pupils took part in an inter-school sporting event;
- 100% of pupils have taken part in enrichment opportunities such as fencing, scooter/skateboarding and outdoor adventure activities;
- 35% of pupils have taken part in competitive external sporting events;

- Teacher's feel more confident teaching the skill progression within PE;
- Access to a broad range of sports;
- Increased differentiation and focus on specific skills within PE lessons due to additional staffing with Sports Apprentice;
- Further development of staff knowledge and expertise in delivering high quality teaching through training opportunities.
